SINGLE COPIES TEN CENTS

All union families promised fun at AFLCIO Labor Day Picnic

from the EDITOR'S CHAIR

FINGER POINTING DEPT.

It appears there will be more investigations of the Los Angeles riots than there are opinions on what caused them or how to prevent others.

While Mayor Yorty, Police Chief Parker and Highway Patrol Commissioner Crittenden juggle the blame, the real roots of poverty, racial bitterness and ghetto tensions remain largely untreated.

And in San Francisco, Mayor Shelley and people who call themselves spokesmen for the minority community waste their time fighting over who is to control the poverty program.

There, too, poverty, bitterness and tensions continue to undermine the city.

★ ★ ★

INTERESTED THIRD PARTY

Oakland has been spared headlines. But those who say poverty, bitterness and tensions don't exist here are either fools or special pleaders.

The Central Labor Council is an interested third party with ties to both the rank-and-file minority group member and the leaders of the white community. The Labor Council understands the problems of both.

This is why its preventive program, quoted in full in this issue, deserves the attention of everyone concerned with peaceful solution of this most important problem, which faces almost all large cities.

★ ★ ★

ROOTS OF TURMOIL

So far, efforts of city government to work with the minority groups here have consisted largely of meetings between leaders of both sides.

The Labor Council's point that this is not enough is important. The Watts riots showed that a racial ghetto is largely a leaderless tinderbox which can explode when ignited by almost any spark.

The causes of the explosive atmosphere — lack of jobs, lack of sufficient and adequate training, and lack of accessible, low-rent housing—must be removed.

And to get at them, you have to reach the minority group poor, not just their middle class leaders.

OFFICIAL NOTICES

Unions will find notices of important meetings called by their officers on page 5 of this issue of the Journal.

Labor Council suggests ways to ease tension

The Central Labor Council has urged Oakland and other Alameda County cities to launch a preventive program "to remove the causes of the bitterness that exists in the Negro and other minority communities."

Jobs, training, housing and better communication between Negroes and the white "power structure" are needed, the council said.

Copies of the statement, adopted by delegates Monday night, will be sent to the Oakland City Council and other city councils in Alameda County.

While the council urges action to prevent Los Angeles-type riots here, neither "Los Angeles" nor "riots" are mentioned in the statement.

Instead, a positive program for action is set forth.

Following is the statement: "The goals of a preventive program must be to remove the causes of the bitterness that exists in the Negro and other minority communities and to replace the feeling of alienation and separation with a sense of belonging and identification with our community and society. "To this end Oakland must:

- "Provide legal and civilized procedures for the processing of felt grievances. (We have this in employment with FEPC and only partially with housing.) Oakland needs something in the field of police practices and any other area of serious grievance staffed with sensitive people on a neighborhood basis.

- "Street workers (after the pattern of Youth for Service in San Francisco, a private agency) should be started as a large scale public program to work with gangs and other youth.

- "Communication: A process should be started through which the disadvantaged can explain

Summer Work Project winds up — a major success

The Central Labor Council's Summer Work program for youths from four poverty target areas in Oakland winds up this week.

In the opinion of Project Director Paul Katz and the 20 union members who served as foremen, the project was a major success.

It not only attracted attention from across the nation, but it also:

- Was the first project of its kind to be sponsored by a local labor council.

- Produced new attitudes and higher hopes among the 200 program. He said 25 others drop-out foremen and the non-profit community agencies for whom the youths performed a variety of jobs. These jobs ranged from cleaning up debris to constructing a 17 by 24 foot storage building.

- Disproved many misconceptions about the potential of the youths — many of them high school dropouts, on probation, or from families on welfare or broken homes.

"The Central Labor Council can be proud of the leadership it provided in sponsoring this program," Project Director Katz declared in a report to delegates Monday night.

COHELAN PRAISED

Katz stressed, though, that "no single individual" was responsible for the success. He praised those who worked on the project "from the top down."

Katz had a special word of thanks for Congressman Jeffery Cohelan (D-Berkeley) for expediting the \$235,761 grant from the U.S. Office of Economic Opportunity.

The project director pointed out that, of the 200 youths, only 24 had to be dropped from the youths, according to both the ped out voluntarily, a large percentage of them to accept permanent jobs.

Supervisors squelch BTC cuts

The Board of Supervisors voted 3 to 1 last week not to cut the pay of Carpenters, Painters and other building tradesmen employed by the county.

The 4-5 per cent cuts were proposed by the Civil Service Commission.

Representatives of building trades unions appeared before the supervisors to protest any cuts.

The Civil Service Commission took the position that the craftsmen were maintenance workers and should not be paid as members of building trades crafts. Building tradesmen who work for the county are paid 12 per cent less than outside construction scales already.

But the Civil Service Commission had proposed even more cuts.

EDMUND G. (PAT) BROWN

GEORGE L-P WEAVER

Speaker led fight for civil rights

A leader in promoting civil rights within the labor movement will be one of two key speakers at the Alameda County AFLCIO Labor Day Picnic Monday.

George L-P Weaver, assistant secretary of labor for international affairs, was assistant to the secretary-treasurer and director of the Civil Rights Committee of the CIO from 1942 to 1955.

When the AFL and CIO merged in 1955, Weaver was appointed executive secretary of the AFL-CIO Civil Rights Committee.

In 1958, Weaver became assistant to the president of the International Union of Electrical, Radio and Machine Workers (IUE).

His work with the CIO and IUE was interrupted on several occasions by special assignments with the federal government and the International Confederation of Free Trade Unions (ICFTU).

Formerly special assistant to then Secretary of Labor Arthur J. Goldberg, Weaver was named to his present post by President John F. Kennedy.

Record turnout seen Monday at fairgrounds

Lieutenant Governor Glenn M. Anderson and Thomas L. Pitts, secretary-treasurer of the California Labor Federation, have joined the list of expected guests for Monday's Alameda County AFLCIO Labor Day Picnic.

Governor Edmund G. (Pat) Brown and George L-P Weaver, assistant secretary of labor for international affairs, will be the featured speakers for the big annual event, to be held at the Alameda County Fairgrounds in Pleasanton from 11 a.m. to 6:30 p.m.

A record crowd is expected for the "Old Fashioned Family Labor Day Picnic."

ADMISSION ONLY \$1

Admission is only a dollar a family and includes children's and adults' games, dancing and dance contests, a two hour variety show, and presentation of awards—headed by an expense-paid trip for two to Hawaii or Acapulco.

Presentation of AFLCIO scholarships and honors to outstanding youths from the Central Labor Council's Summer Work Program are also scheduled.

Governor Brown is expected to arrive shortly before 3 p.m., according to Executive Secretary-Treasurer Robert S. Ash of the sponsoring Alameda County AFLCIO Council on Political Education. Governor Brown will speak at 3 p.m.

Weaver, who was a leader in the fight for civil rights in the labor movement before he went into government service (see story under picture on page 1), is expected to be at the picnic all day.

Word was received last week that Lieutenant Governor Anderson will be at the picnic.

Tentative accord in state truck mechanics' strike

Tentative agreement was reached Tuesday night in the 10 day statewide strike of Automotive Machinists against firms belonging to the California Trucking Association.

Members of East Bay Automotive Machinists 1546 in Alameda and Contra Costa counties started returning to work at midnight Tuesday, and ratification meetings were set for Thursday, according to Business Representative Ed T. Merritt. Details of the pact were withheld pending a vote by members.

Transport Workers win arbitration in fired 'copter unionist's case

Members of Transport Workers 505 returned to work and removed their picket lines against San Francisco-Oakland Helicopter Airlines Sunday night after winning arbitration in the case of a fired union representative.

Local 505 President Bob Robinette said SFO President Mike Bagan agreed that the case be submitted to Arbitrator Sam Kagel within two weeks. Robinette said the fired unionist, Gerald Ponsi, maintenance section chairman, is now on vacation.

Bagan agreed not to penalize strikers, and the union agreed to take no action against those who crossed its picket lines, Robinette said.

Bemis Bag strike ended by ILWU No. 6 in Newark

A 66-day strike by members of Warehouse Local 6 of the International Longshoremen's and Warehousemen's Union at Bemis Bag Co. in Newark is over.

Workers voted to accept a package offer of 22 cents an hour over a two year period.

No COPE meeting

There will be no regular meeting of the Alameda County AFL-CIO Council on Political Education for September, according to Robert S. Ash, secretary-treasurer.

YOUTH WORKER OF THE WEEK

By BILL GAINES
Project Specialist

Ernest Hatter, 16, of 1801 88th Ave., Oakland, is the council's Youth Worker of the Week.

Ernest was awarded the certificate of Merit for his excellent work and attendance on the Summer Work Project.

Ernest is part of Foreman Mark Comfort's crew that has performed some fine repair and brickwork at the East Oakland YMCA.

Ernest attends Castlemont High School, and if he continues to do as well in life, he'll win much more than a Certificate of Merit and a \$5 bonus; he'll have a basic foundation for good constructive work habits. Congratulations, Ernest Hatter.

Local 322 buys again

Paul Katz, business representative for Cemetery Workers and Greens Attendants 322, reported that for the fifth year the local has voted to buy tickets to the Alameda County AFL-CIO Labor Day Picnic for all its members.

Fremont City Council dodges anti-scab issue

The Fremont City Council has dodged the issue of whether to enact an anti-strikebreaker ordinance, according to Assistant Secretary Norman E. Amundson of the Central Labor Council.

Councilmen voted 3-2 to drop further consideration of the "labor peace" measure, urged by the Labor Council. Councilmen Gene Rhodes and Carl Martin-eau voted against the motion.

Barber shop picketed

Barbers 134 has been granted Central Labor Council strike sanction against Johnny's No. 2 Barber Shop, 3979 Washington Blvd., Fremont, and a picket line has been placed in front of the establishment, according to Business Representative John A. Monte Jr.

AFLCIO film on TV

The AFLCIO documentary film, "When the Day's Work is Done," describing community services by organized labor, is scheduled to be shown at 6:30 p.m. Labor Day on Channel 9.

A special called meeting will be held Friday, Sept. 24, 1965, for the purpose of a vote by members on changing the meeting nights, also cutting the meetings to two each month.

For the members desiring service on their pension applications, this service will be available in the office of the business representatives on Tuesdays and Thursdays of each month from 10 a.m. to 1 p.m.

On Friday, Sept. 10, the office of the financial secretary will remain open until 9:30 p.m.

Brother Al Dawson announced that journeymen Carpenter's blueprint reading classes will commence Monday, Sept. 20, 1965, from 7 to 9 p.m. on Monday and Wednesday evenings for nine weeks.

Registration starts Monday, Sept. 13, 1965, at the Adult Education School at the quonset huts near the old Hayward High School on Foot-hill boulevard, Hayward.

Carpenters Local Union No. 1622 will hold its Second Annual Bass Derby the latter part of November this year.

A meeting will be held in the small hall of the Labor Temple on Wednesday evening, Sept. 8, 1965, at 7 p.m.

This will be the first meeting of three or more to be held before the derby.

The purpose of these meetings is to hold general discussions and establish the date and rules of the derby.

Invite your friends to participate in these meetings and derby.

MEDICARE

All people 65 or over who are getting social security or railroad retirement benefits are automatically covered for hospital insurance. Application cards for voluntary medical insurance benefits will be mailed to them within the next two or three months. They also will automatically receive pamphlets explaining the program, and they do not need to call their social security office.

Those who are over 65 but have never tried for social security benefits should call the nearest office, even if they are still working, in order to establish rights to hospital benefits. Hospital benefits will not be paid before July of 1966; so persons qualified should not cancel their present health plan until that time.

We are attempting to organize the Woolworth Stores in Southland, Hayward, and the Bayfair Shopping Center in San Leandro. Our organizers have been meeting with the employees of these two stores and have obtained some authorization cards. If any member knows any of the employees working in these two Woolworth stores, we would appreciate hearing from you as it would possibly speed up our organizing drive.

IN MEMORIAM

We regret to announce the death of Brother Thorkild N. Hansen, a registered pharmacist, who passed away Aug. 28. We extend sympathy of the union to his family and friends.

Don't forget the Labor Day Picnic Monday, Sept. 6, at the Alameda County Fairgrounds in Pleasanton. We have plenty of free tickets for the membership. See your representative or call the Union Office for tickets.

Watchmakers Local 101

By GEORGE F. ALLEN

Brother Herman Wyrsh, who work for Milens, San Francisco, is off and running as a family man. A year ago this month we reported his marriage. We are very happy to tell you he is now a father. Yes, his wife Carolyn

(Cari) presented Herman with a fine 7 lb. 10 oz. baby boy on Aug. 20. They named the baby Gregory Lance, who was born in Mt. Zion Hospital, San Francisco. Both mother and baby are in excellent health. Of course there are big things planned for the new baby boy and they do not include watchmaking, if you believe Herman. What's the matter with watchmaking Herman, didn't you meet Cari while working as a watchmaker?

Just about 10 months ago we had to make a change in our office secretary due to illness. It seems positive at this time that the same procedure will take place again. We informed you in June that the new secretary, Mrs. Irene Kennedy, was undergoing surgery and she has not completely recovered. We are again without office help at the present time. If you will bear with me maybe we can overcome this unfortunate situation the next time.

San Jose Meeting: Tuesday, Sept. 7, 1965, in the Labor Temple, 45 Santa Teresa St., San Jose at 7:30 p.m.

Steel Machinists 1304

By DAVE ARCA

Hi. Hope we see you at the Labor Day Picnic. Seems a pleasant way to visit Pleasanton.

Local 1304 has reserved an area, and members are invited to stop by and say hello. If you make it, share a beer or soda pop with us. The Picnic Committee are: Jack Griffin, Eddie Hamel, Lloyd Ferber and Dave Arca. Their fine job last year got them drafted again this year.

Governor Brown will be there, as will other local politicians. Everyone will love us. At least for a day. No doubt, when we return to work Tuesday, we'll be back in our familiar category of an operating expense. An impediment to profits.

Those who miss our moment in the spotlight of love and affection from politicians will have to wait another 364 days in the shade of public apathy. At least until next Labor Day. Okay? Okay.

Greetings

PAYROLLS PRODUCE BUYING POWER!

More jobs is a primary concern of civic and labor leaders of Metropolitan Oakland Area, Alameda County, the largest county in Northern California.

Big projects like the \$26,500,000 Oakland-Alameda County Coliseum Complex and the new \$6,000,000 Oakland Museum provide employment for hundreds of working people of all trades and job classifications. The payrolls created by these and other projects help provide money to buy food, clothing, homes and other necessities of life.

Alameda County has passed the 1,000,000 population mark, and our economy is moving ahead at an accelerated rate. Still more jobs are re-

quired to keep our economic pulse strong and healthy, and to inject more buying power into more payrolls.

Metropolitan Oakland Area, Alameda County, has shouldered the man-sized task of bringing more plants, more jobs and more payrolls to Alameda County. This is a program that deserves your full support. This is an activity designed to help and benefit you and your family.

It would be appreciated if you would send us the name of any friend or acquaintance who might be thinking about establishing a plant or business in Alameda County. MOA will follow through from there!

Steamfitters Local 342

By JIM MARTIN

Labor Day, 1965, should be a day that we can all appreciate. In the year since last Labor Day, we have seen the people of our country reject the right-wing maunderings of the Arizona clothier, Barry Goldwater. We have seen them elect an overwhelmingly, intelligent Congress; and we have seen them choose a President who, in his domestic success alone, has been the most effective in modern times.

There have been many Labor Days since Steamfitters No. 342 was chartered by the United Association in May of 1914.

It is a long step from Labor Day, 1965, back to Labor Day, 1932, when we worked seven days a week with no overtime, the 10 and 12 hour day was common, there were no holidays, most people had permanent vacations because there were no jobs, and the unemployment eventually reached 16,000,000 in a labor force of only 40,000,000. The banks were closed, businesses were closing down and we had just come through the Republican version of prosperity, the Hoover Administration. Then a great man, F.D.R., was elected President; and there was hope again.

From the depths of depression came the tools with which our country has developed into the hope of the entire world. It is from those days of Franklin Roosevelt's New Deal that we were given the right to organize through the Wagner Act. The entire structure of our cities,

states and nation changed. We were able to speak out in an organized manner, and many of Labor's friends were elected to office.

To those who think that Labor Day means nothing, we ask you to refresh your memories, not to the early 1920s' Labor Days, but to Labor Day in 1940, when this union's journeyman hourly wage rate was \$1.50 per hour with a gross of \$60 per week and no health and welfare, pension plan, or apprenticeship and journeyman training, which are employer contributions.

Compare this with our 1965 contract, with a wage rate of \$6.27½ per hour for journeymen, or a gross less deductions of \$251 per week, with health and welfare, pension plan, training program, employer contributions amounting to \$47½ per hour, with a travel allowance of \$3, \$4 and \$5 per day, and subsistence on jobs over 40 miles of \$84 per week. Labor has come a long way, bringing about a better way of life for its members and families.

Business Representatives Lou Kovacevich and Bill Weber Sr., the office help and I are proud to join you in celebrating this Labor Day, the working man's part in the development of our country, and this year, through the actions of our President, there is a great deal to cheer for.

In accordance with our employer associations, the contracts provide that Labor Day, Monday, Sept. 6, and Admission Day, Thursday, Sept. 9, are holidays. However Admission Day is not recognized as a holiday under the terms of the pipeline agreements.

Greetings

"To remember the loneliness, the fear and the insecurity of men who once had to walk alone in huge factories, beside huge machines — to realize that labor unions have meant new dignity and pride to millions of our countrymen — human companionship on the job, and music in the home — to be able to see what larger pay checks mean, not to a man as an employee, but as a husband and as a father — to know these things is to understand what American labor means." Painters Local No. 127

By SAM CAPONIO

The trust funds — pension, health and welfare and holiday and vacation — are in the process of dissolving due to the contract expiring on June 30, 1965.

Three attorneys have collaborated to write an amendment to continue the trusts. A special meeting of the Board of Trustees was held to vote on the amendment, and our only trustee present (the other was on vacation) did not wish to vote at that time. He stated that in his opinion, District Council 16 should make that determination.

Rather odd, we say, when this same trustee went to Sacramento and allowed those members to go back to work in the middle of a strike without any authority from the District Council, or did he have the authority?

Could it be that the trust amendment called for a new vote for trustees? Or that only members who participate in the plan could vote on the new trustees? Or could it be that the new amendment did not allow any pay allowance for trustees: that is \$30 per meeting? Or could it be that the new amendment called for any changes in benefits be voted on by housepainter members in the plan?

This is one time that delay

will hurt our members. The plan is only operating to pay claims for members and dependents; the monies collected since July 1 are held in escrow. Many members are almost out of eligibility hours and stand to lose benefits even though monies have been sent in on them for July and August.

Welfare trustees have full power to act and do not need any additional authority from anyone. Many times in an emergency such as is occurring deliberate action is absolutely necessary.

Petty politics have no business in our trust program. The welfare of the members and their dependents is paramount, and any further delays will jeopardize their eligibility in the program. Local 127 delegates to the council are pledged to a quick solution of the problem by getting the new trust amendment on the books.

It seems it will be some time before a copy of the new contract is available. The council seems to have more important things to do. In a very short time, all the new changes will be mimeographed and available in our local office for the members. Copies should be available by the end of the week.

Keep the second Saturday in November open. The Annual Dinner-Dance will be held at Jack London Square at Goodman's Hall.

On this Labor Day 1965 . . . for the vital role of skilled and competent workers in building our communities.

The Berkeley Chamber of Commerce, in its constant community betterment program, expends every effort and has been successful, with the cooperation of labor representatives, in securing additional jobs and creating more payrolls in Berkeley. On behalf of our Directors, the City of Berkeley and the County of Alameda, may we extend to you our congratulations and express our sincere desire for continued and expanded cooperation in our joint effort to make Berkeley a better place to work and live.

derson planned to adjust his schedule to be present, according to Ash.

Congressman Jeffery Cohelan (D.-7th Dist.), George P. Miller (D.-8th Dist.) and Don Edwards (D.-9th Dist.) have promised to attend if business in Congress permits.

Ash said State Senator John W. Holmdahl and all five of Alameda County's assemblymen have been invited and are expected to attend.

their problems and feelings and register their demands directly with the power structure (white). Discussions with organizations and the civil rights leaders is not enough. It has to be "grass roots" indigenous people and with "gang" elements among them.

• "Jobs: Accelerated public works, not "freeways" or large structures, but public works where manpower, not machines, are used.

• "A more realistic MDTA type training for the less educated, more disadvantaged people. This would be based on a carefully thought out and programmed plan through the public schools with compensation to those participating.

• "Start right now developing a program of low-rent public housing and start now conditioning the people of the community of the need for public housing.

• "Neighborhood organizations of the "poor" and the disadvantaged to help plan and carry out any and all programs."

were announced this week by Ash and the COPE Committee:

• 11 a.m.-2 p.m., children's and adults' games in area opposite picnic headquarters.

• 2-4 p.m., entertainment show, Court of Four Seasons.

• 4 p.m., introduction of speakers, Court of Four Seasons.

• 4:30 p.m., presentation of awards, Court of Four Seasons.

• 4:30-6:30 p.m., dancing and dance contests, Exhibition Hall.

Top acts to be featured in the entertainment portion of the picnic include:

• Billy Grant, master of ceremonies, who also will contribute vocal numbers and impersonations to the program.

• Jim Rinehart, pantomime artist, comedian and juggler.

• Ken Card, "America's top banjo humorist."

• Marianne Kent, attractive young song stylist who has ap-

peared at leading supper clubs and theaters.

• The Madcaps, Decca recording artists.

• Ford and Williams, also veterans of the Ed Sullivan Show, erans of the Ed Sullivan Show.

The dance contest will feature latest teen-age crazes for the younger set, as well as waltzes and foxtrots for the more sedate.

Many local unions have reserved their own areas in the picnic grounds, and a number plan to have their own refreshments in addition to the free coffee for adults and soft drinks for youngsters to be provided by COPE.

A special Union Label Booth will offer free souvenirs to all guests and a special display of union labels and shop cards.

Barbers 134 plans a hairstyling demonstration.

Tickets will be sold at the gate.

Labor Day: a good time for us to take stock

Labor Day is a good time to look around us and take stock. Organized labor in the United States is bigger than ever before. But many union members don't know the first thing about what unions are for. Ignorance breeds apathy or dislike. We have an educational job to do.

There have been a lot of words wasted about labor in the '30s. But the fact is that many people were attracted to unionism then because it was a dynamic social movement — much as civil rights is now. The AFLCIO has fought the good fight for civil rights legislation in Washington, D.C. And, in many other ways, its record on civil rights has been good. But there are still all-white unions and nearly all-white unions right here in Alameda County. So you can hardly say we are a dynamic social force for civil rights. And few unions have really taken the bull by the horns and used their strength to force employers to integrate — and we don't mean token integration.

The picket line is still the basic strength of unionism. Those of us who enjoy good wages and benefits do so partly because we belong to strong, effective unions, but also partly because other unions have supported us when the chips were down and have refused to cross our picket lines. Yet we hear almost every week that the members of one union are going through another union's picket line. And, more often than not, the person behind this violation of the first principle of unionism was a union official — the one person who definitely should know better.

They talk about how strong labor is politically. The truth is many of the state and national officials elected from Alameda County owe their seats to the 1958 landslide. It is true that labor finally got up on its hind legs then and fought. But recent events have shown that, on the state level at least, some of our representatives don't feel they have to represent us any more. And it is certainly true that labor has few real friends who will help the ordinary people at the local level.

This is not what a labor paper is supposed to say on Labor Day. But we have printed the Labor Day statement of the State AFLCIO head for those who want to read that kind of thing. It is a good message. And the things in it are true. It is certainly true that there are many good things to be said. We have said some of them ourselves at various times in this column.

But it just occurred to us that maybe somebody should take a closer look at the state of unionism today.

We hesitate to write the kind of things we did above because there are always exceptions.

In Alameda County, for instance, we think there are a few union leaders who still view unionism as a dynamic social force. And a few unions have fought hard for civil rights. We think our Central Labor Council has done more in this field than most similar bodies. And its now-concluding Summer Work Program has certainly been a meaningful attack against minority group poverty in Oakland.

As for educating union members in the principles of unionism, the Bay Counties District Council of Carpenters has an outstanding program, though so far it covers only apprentices.

Likewise, our Central Labor Council has taken on international unions and some other pretty tough opponents to preserve the sanctity of a picket line.

And, as for labor political action, Alameda County unions have done more than most. We have done a great deal.

But everywhere there is room for improvement. And we hope our words will be taken in the spirit in which they were meant. The way to make labor live up to its potential — which is tremendous — is for more people to think, care and take part.

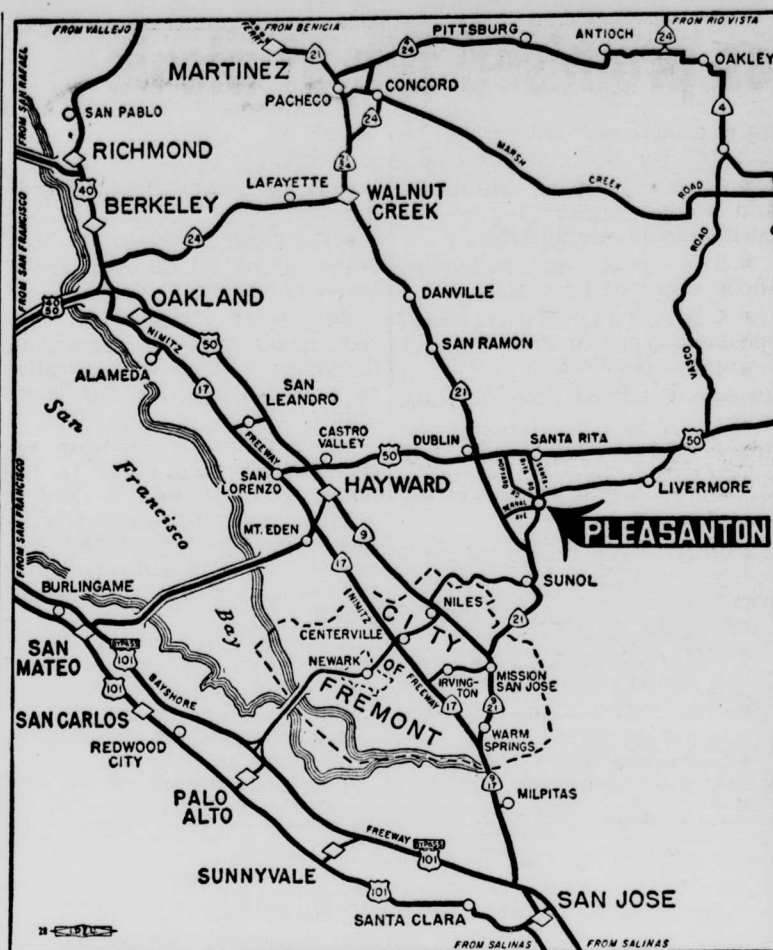

Come to the picnic!

The Alameda County AFLCIO Labor Day Picnic has become a tradition.

Governor Brown and Assistant Secretary of Labor George L-P Weaver, a leading fighter for civil rights in unions, will speak. There'll also be top-flight entertainment, games, dancing, some fine awards, and a good time for the whole family.

This is the Alameda County AFLCIO Council on Political Education's way of raising funds to help elect labor's friends to public office.

But our main reason for urging you to come to the Labor Day Picnic is that you and your whole family will have fun. There's something for everyone.

ALL ROADS lead to Pleasanton Monday for annual Alameda County AFLCIO Picnic at the County Fairgrounds. The map shows how to get there.

STATE AFLCIO CHIEF'S LABOR DAY MESSAGE

By THOMAS L. PITTS

Secretary-Treasurer, California Labor Federation

Labor Day 1965 — a time for travel and for summer's last vacation — is also a time for serious reflection.

Great changes have occurred since the first Monday in September was proclaimed a national holiday before the turn of this century. Times and conditions have altered, but the reason for Labor Day has not.

Labor Day is a symbol to working men everywhere and a memorial to the men and women of earlier years whose dedication and sacrifice created today's labor movement.

Labor Day is the time to reflect upon the road we have traveled and it is a time to look forward to the path we must take.

This day is symbolic of the tremendous strides we in the labor movement have made. Only a short time ago the right to organize and bargain collectively, reasonable hours of work, the attainment of decent, liveable wages, protection against joblessness and injury both on and off the job, paid vacations, and pension programs for our old age did not exist. They are relatively new developments, though many of us now take them for granted. This holiday is also the time to review the gains we have made since Labor Day, 1964. Since that date working men of good faith everywhere joined hands in overwhelmingly repudiating the extremists at the ballot box. As a consequence tremendous strides have been made in improving the general standard of living.

- Medical care for the aged was enacted, providing the necessary security upon retirement.

- A national commitment to wage a "war on poverty" is underway; this program will give hope where none existed, to those living in poverty and degradation.

- New education legislation is on the books.

- New tax cut, removing regressive excise taxes on many commodities, is in effect.

- The new voting rights bill is a major step toward the full participation of minority groups in the nation's political and economic life.

- The new housing bill will

improve the standard of living of millions of wage earners; the new cabinet level Department of Housing will mean that our large cities and their suburban areas will receive the attention they sorely need.

- We are on the threshold of seeing the infamous Section 14(b) of the Taft-Hartley Act repealed. This necessary action will affirm and improve our free collective bargaining process, and remove much disharmony and dissension from the bargaining table.

Despite these gains there is no room for complacency for many battles are yet to be won. On Labor Day we must rededicate ourselves to those principles for which organized labor has always fought.

- Despite recent improvements the nation is still faced with heavy unemployment and in California unemployment is rising even though nationally it has fallen.

- Still far too many people live below the "poverty line" and another large block live in what is commonly called deprivation.

- We must bring farm workers into the 20th century by removing the vestiges of second-class citizenship that surround them. They must be given the right to bargain collectively, and be provided minimum wage protection, unemployment insurance, and the other measures so obviously lacking today.

- New and imaginative programs must begin to combat the perils of automation so that the threat of massive unemployment does not become a reality.

- Realistic and far sighted job-training programs that keep labor's skills abreast of technological change are necessary.

- Racial discrimination and the tremendous costs flowing from it in the fields of employment, housing and education must be overcome.

- And we in the labor movement must expand our organizing activities so that the millions of workers now unorganized may enjoy the benefits of union membership.

These are only a few of the goals we must set for ourselves on this Labor Day.

We Run 'Em!

STEPS URGED NOW TO PREVENT RIOTS

Editor, Labor Journal:

The first California ghetto to explode is now uneasy history, still too hot to examine.

So we watch the Bay Area ghettos, where we know one nasty incident could blow the uneasy rumbling.

The demand for a special session of the Legislature will put the problems where they belong. The lawmakers can put teeth and meaning into remedial legislation.

What problems? Housing to wipe out the ghettos! Rent subsidies for the poor! Jobs, or higher unemployment compensation, or vastly improved welfare payments!

Boycott southern manufacturers! We're losing our jobs and industries to the South's sowl economy. Meanwhile we dump federal tax dollars (supplied by northern and western states) in the South to subsidize the very destitute economy that is destroying us.

Stop redneck police brutality! In the Bay Area, southern Negroes without jobs look upon southern redneck white cops as their tormentors!

Put strong teeth in the fair employment law! Wipe out job discrimination!

The Legislature has ducked the problems of the poor. They have ignored the better AFLCIO legislative proposals. Now is the time to face reality.

The poor of all races and colors are fighting for a better deal now! Labor unions are dedicated to the fight against poverty and for justice. The soft, paunchy white mechanic who once fought hard to establish his union and thereby establish decent living conditions, now worries about a new motor for his boat or the next trip to Reno.

We're thinking too much like middle class dilettantes, perched on a volcano gazing into an uneasy future. We're afraid to tackle problems of jobs, of automation, of the poor.

This is a man-made world! Before our dues books are automated, while we have some unity of purpose, let's challenge the fat cats who are dragging us to perdition!

Let's fight to leave a decent heritage for all kids. We can start by examining ourselves, the problems around us, and what the Legislature must do!

CLYDE JOHNSON,
Bus. Rep.

NATIONAL GUARD

Editor, Labor Journal:

I was very pleased to see your kind editorial comments concerning my actions during the tragic rioting in Watts.

Because there have been conflicting reports on those events, especially with respect to the speed of the National Guard "call up," I just this week issued a statement on the subject. A copy is enclosed for your files. Again, thanks for your kind words.

BIG LIE

What "Das Capital" is to the communists and "Mein Kampf" was to the nazis, books like "None Dare Call It Treason" are to the American extremists. They all resort to rewriting history to justify a preconceived course of action. They follow the technique of the big lie, the big smear, and the big racial fear. —Sen. Stephen M. Young (D.-Ohio).
